Rural Community Assistance Program, Northwest Economic Adjustment Initiative

# Acknowledgments

The staff of the Del Norte Solid Waste Management Authority wish to thank all of the people and organizations which contributed to this plan, the first of its kind in the United States.

Commissioners of the Del Norte Solid Waste Management Authority who served during the preparation and review of the ZWP: Clyde Eller, Jack Reese, George Mayer, Kenneth Hollinsead, Mike Scavuzzo, C. Ray Smith, and Randy Hatfield

Cadre of Corps Members 1997-8

Julindra Recycling: Jordan Kekry

Del Norte Disposal: Tommy Sparrow

Pacific Waste Services: Gary Ainger, Kelly Burr, Tom Valentino

Eco-Nutrients / Hambro: Irv Elliott

Patricia Visser, US Forest Service

All the other Summit participants

The contributing authors:

Neil Seldman, Kelly Lease, Dan Knapp, Gary Liss, Ann Schneider, Richard Anthony, Margaret Gainer, Maureen Hart, David Kirkpatrick, Pavitra Crimmel, Steve Salzman, Kevin Hendrick, and Tedd Ward

For inspiration, review and comment:

Clarke Moore, Joe Mendez, Neil Austin, Bill Sheehan, Eric Lombardi, Brenda Platt, Rick Best, Ed Boisson, Suzy Smith, Ted Weston

For support during and after the Summit: Michael Penney, Mickey Youngblood, Arthur Reeve, and Ellen Brown

Dear Reader:

On February 15, 2000 the Board of Commissioners of the Del Norte Solid Waste Management Authority agreed in concept with the Del Norte Zero Waste Plan. Although the Board recognized that the plan provides a guide and a vision for discard management in Del Norte County, the Board concluded that the conceptual agreement with this plan does not constitute a wholesale approval of all of the policies and programs contained within the plan. Consequently, the Board will consider each new policy or program on its individual merits and parts of the Zero Waste Plan may be implemented as economics allow.

Sincerely,  
Michael Scavuzzo  
Chair

# Table of Contents

- I. Executive Summary ..... 1**
- II. The Vision: Zero Waste in Del Norte..... 3**
  - A. An Historical Perspective..... 3**
  - B. What Is Zero Waste? ..... 4**
- III. Existing Conditions..... 11**
  - A. Administrative Structure and Community Partners ..... 13**
- IV. Del Norte Discards ..... 14**
  - A. Del Norte Waste Reduction & Recovery ..... 14**
    - Waste Reduction, Reuse, and Repair ..... 14**
    - On-site Management ..... 15**
    - Self-haul Recovery ..... 15**
    - Private Recycling..... 16**
    - Collections of Recyclables ..... 16**
    - Recovery ..... 16**
    - Processing ..... 19**
    - Markets ..... 19**
  - B. Discard Generation..... 22**
    - Methodology ..... 22**
    - 1997 Del Norte Discard Study Results..... 24**
    - A Critique of Discard Studies ..... 29**
- V. Service Voids Analysis ..... 32**
  - A. Goals & Objectives ..... 32**
  - B. Methodology ..... 32**
    - Summarize Existing Programs..... 32**
    - Summarize Service Voids and Opportunities ..... 33**
    - Identify Target Programs ..... 33**
    - Repeat the Service Voids Analysis after  
Implementing Target Programs..... 35**
  - C. Results..... 35**
- VI. Market Incentives to Encourage Waste Reduction & Recovery ..... 40**
  - A. Role of the Del Norte Solid Waste Management Authority 42**
  - B. Existing Programs ..... 43**
    - The Landfill Operations Contract..... 43**
    - The Franchise Collection Contract ..... 43**
    - Policies Allocating Authority Revenues and  
Resources ..... 44**
    - Advocacy at the State and National level for Laws**

**and Regulations to support and expand local programs ..... 45**

**C. Goals..... 45**

**D. Recommendations & Alternatives..... 46**

**The Landfill Operations Contract..... 47**

**The Transfer Station / Materials Recovery Facility (TS/MRF)..... 47**

**The Collections and Disposal Franchise..... 47**

**Other Contracts and Agreements ..... 49**

**Ordinances and Policies ..... 50**

**Financing Incentives ..... 50**

**New Investment Instruments..... 51**

**Policies for Materials without Markets..... 52**

**Bans and Boycotts ..... 54**

**VII. Waste Prevention, On-Site Management & Advocacy ..... 55**

**A. What is Waste Prevention?..... 55**

**On-Site Waste Prevention and Materials Management Training..... 55**

**On-site Residential Waste Reduction ..... 56**

**Business and Institutional Waste Prevention .... 57**

**Waste Audits ..... 59**

**Promotion of On-Site Management..... 60**

**B. Advocacy..... 62**

**Public Education & Information ..... 62**

**Recognition & Promotions ..... 63**

**Advocacy to Producers & Generators ..... 63**

**Advocacy to Local Governments within the Region ..... 63**

**Advocacy for Legislation ..... 63**

**Additional Research..... 64**

**VIII. Regional Recovery and Market Development..... 65**

**A. Border Coast Regional Recycling Marketing Summit ..... 65**

**Goals and Objectives ..... 65**

**Methodology ..... 65**

**Agenda ..... 65**

**Resulting Opportunities for Local Businesses, Non-profits, and Residents ..... 66**

**Follow-up..... 67**

**Summit Evaluation ..... 67**

**Integration to OEDP and other Local Community Plans..... 68**

**Investigate the Potential for Inter-Industry Linkage with Already-Existing Del Norte Businesses ..... 70**

**Target “Growing and Emerging” Sectors..... 70**

**Diversification..... 71**

**B. Integrating Zero Waste into the Regional Economy..... 71**

**If you collect it locally, use it locally ..... 71**
